Radicals Insist on New Concessions, Say Czar Must Free All

Demand Amnesty for Political Offenders Throughout the Whole Empire.

Strike Likely to Continue Until Proclamation to This End Is Published.

ST. PETERSBURG, Oct. 21.—Despite the demonstration of joy here at the Czar's manifesto for a constitution, there is a strong undercurrent that additional concessions must be made by the ruler before all danger of a revolutionary crisis is over.

The radicals demand complete amnesty for all political offenders and release against imperial promises until this grant has been made. Until a proclamation is made to this end, it is declared the strike will not end. Action of this nature, it is said, will soon follow the manifesto for a constitution.

Sweetheart of Susan Geary, Suit Case Victim, Prostrated by Terrible Ordeal Which He Has Undergone—Raved in Cell During the Night, and Now in Hands of Nurse.

PITTSBURG, Pa., Oct. 31.—Having told all he knew to the Boston officers who arrived here to-day, Morris Nathan, fiancé of Susan Geary, victim of the dress suit case tragedy, succumbed, and is now in his cell in a state of mental and physical collapse.

Fears that he may not survive the events of the last few days led the police to summon medical attendance. Trained nurses will be with him from now on.

His physical condition is pitiable. He has refused to take food, and small quantities have had to be forced down his throat. He continually asks for water and strong coffee.

Nathan's lawyers have seen him. They believe that it will be much better for the young man's health to have him return to Boston at once. No contest will be made on extradition.
